Courses in English:

Personality Development, Coaching, Conflict management, Problem solving, Management and organization

Research:

The main stream of my research work is about leadership psychology, coaching, and fields of applied psychology can be connected to leadership science. Besides taking part on national and international conferences, my scientific activity is supported by Hungarian Chapter of International Coach Federation and Faculty of Psychology of ELTE.

Professional activity:

I act as a coach accordingly to norms of International Coach Federation.
Most of my clients are executives or managers of big international companies acting in Hungary.
